

SERVICE MANUAL

Volume 6

LEWMAR

Introduction

Lewmar is the world's leading manufacturers of yacht winches. Our manufacturing facilities set the highest standards in quality materials and performance. Each Lewmar winch is tested to ensure that at all stages in the manufacturing process it conforms to the Lewmar requirements of dimensional accuracy, rated strength and operating efficiency. Our winches are approved to Lloyds standards and in practice are in excess of them.

Lewmar winches are constantly being tested in the latest racing competition, abroad leading ocean racers around the world and, whether racing or cruising, they are rated for their long life and performance.

However, as with any precision engineered assembly, Lewmar winches need regular maintenance to operate at peak efficiency and, without this attention, permanent damage and premature wear can result.

This Manual gives the most complete details of the sequence and techniques required to dismantle completely, service and assemble each winch in the Lewmar range.

Lewmar has a worldwide network of offices and distributors who carry stocks of spare parts and spare kits. Expert advice and assistance is available for any servicing or repair problem.

Guarantee

Lewmar winches have been developed over many years by extensive testing aboard the world's finest ocean racers, long distance cruising yachts and match racing yachts such as 12 metres. They are manufactured to quality standards in excess of those required by Lloyds and only the finest materials are used.

If installed, used and maintained as described in this Manual they will give outstanding performance.

Warranty

For Lewmar Warranty Details see page 19.

Service Notes

For satisfactory long term performance and product life these winches must be given the routine and full maintenance procedure described below.

1. **MONTHLY:** All Lewmar winches should be hosed down with fresh water then lightly oiled and greased as detailed in the separate free leaflet, "How to service your Lewmar Winch"
2. **TWO OR THREE TIMES DURING ACTIVE SAILING SEASON:** All Lewmar winches should be stopped, cleared and relubricated.
3. **AT THE END OF EACH SAILING SEASON OR BEFORE STARTING THE NEW SEASON:** All Lewmar winches should be completely stripped, cleaned, thoroughly checked for damage, lubricated and reassembled as detailed in this Service Manual.

Dismantling

Lewmar winches are simple to dismantle and are designed for easy maintenance. The exploded view drawings show how the component parts can be removed easily from each winch.

Assembly

Winches must be assembled in the reverse sequence to the order of dismantling.

Mounting

All winches must be mounted using the correct size and type of retaining bolts. Having decided on the correct winch position, The drum must be removed as detailed in the maintenance instructions for mounting. The winch must be mounted on a flat clean surface.

The hole centres for the winch retaining bolts must be marked off and drilled separately. The winch should be bedded on a LIGHT coating of sealing compound to stop leaks – too much compound gets in the gears and pawls.

The winch retaining fastenings must be securely tightened (but not overtightened). The winch is self draining and care must be taken to ensure the drain holes are not blocked.

Handles

All current winches accept any standard international handle (Lewmar black grip handle).

Recommended Lubricants

Grease
Lewmar Grease 7010 (Lubriplate Marine Lube 'A', etc)
Oil
Light Machine Oil (3-in-1 or equivalent)

Service and Spares

Full service facilities for Lewmar winches are provided at our factory and subsidiary companies and by our distributors and service centres worldwide.

A full listing is provided on the inside back cover.

Parts pricing is subject to change. Apply to your nearest Lewmar office or distributor for current price lists.

Lloyd's Certificate

Lloyd's made a very careful examination of the material, design, construction, quality control and test procedures used by Lewmar and approved all the existing systems without alteration.

Spares Kit

- 7001 **Basic Winch Servicing Kit** (4 circlips, pawls, pawl springs)
- 7002 **Winch Servicing Kit 4** (4 circlips, 8 pawls, 12 pawl springs, 3 keys, 2 pan head screws – self tailors)
- 7003 **Three Speed Winch Servicing Kit**
- 7009 **Allen Key set**
- 7010 **Grease.** Packed in handy 100g plastic tube.
- 7011 **Grease.** Packed in handy 300gm plastic tub.
Packed in handy 100g plastic tubes, or 300gm tubs, this waterproof grease contains solid activation which aids the load carrying characteristics of a winch. It is also suitable for trailer wheel bearings, steering gear, hydraulic equipment, outboard engines and many other marine applications.
- 7012 **Assembly Paste.** Packed in a handy 300gm tub.
- 7013 **Naval Jelly** Packed in a 200ml jar.
Removes staining of stainless steel surfaces and passivates the material

LEWMAR LIMITED WARRANTY

1. **WARRANTY** Lewmar warrants its products, in normal usage, to be free of defects in materials and workmanship for a period of one year from original purchase by the user, subject to the conditions and limitations below. Any part which proves to be defective in normal usage during that one year period will be repaired or replaced by Lewmar.

This warranty is subject to the following conditions and limitations:

- A Lewmar's liability shall be limited to repair or replacement of goods or parts defective in materials or workmanship.
 - B Determination of the suitability of the materials for the use contemplated by the buyer is the sole responsibility of the buyer, and Lewmar shall have no responsibility in connection with such suitability.
 - C Lewmar shall not be liable for any harm resulting from:
 1. failures due to use of products in applications for which they are not intended.
 2. failures due to corrosion, wear and tear, or improper installation.
 - D Lewmar shall not be responsible for shipping charges or installation labour associated with any warranty claims.
 - E Service by anyone other than Authorised Lewmar Representatives shall void this warranty unless it accords with Lewmar guidelines and standards of workmanship.
2. THERE ARE NO WARRANTIES OF MERCHANTABILITY, FITNESS FOR PURPOSE OR ANY OTHER KIND, EXPRESS OR IMPLIED, AND NONE SHALL BE IMPLIED BY LAW.

The duration of any such warranties that are nonetheless implied by law for the benefit of a consumer shall be limited to a period of one year from original purchase by the user. Some countries do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

3. LEWMAR SHALL NOT BE LIABLE FOR CONSEQUENTIAL DAMAGES TO YACHTS, EQUIPMENT OR OTHER PROPERTY, OR PERSONS DUE TO ANY FAILURE OF LEWMAR EQUIPMENT.

Some countries do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to you.

4. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER LEGAL RIGHTS WHICH VARY FROM COUNTRY TO COUNTRY.

As improvements in design are being made continually the specifications given are subject to alteration without notice.
